Have decided as follows:

Article 1

2. The Parties shall promptly inform the Joint Committee of changes in their respective agricultural policies pursued or measures applied, which may affect the conditions of agricultural trade among them as provided for in this Agreement. On the request of a Party prompt consultations shall be held to examine the situation.

3. a. The Parties undertake not to introduce new unnecessary technical barriers to trade. They shall co-operate, in the Joint Committee, or in a special committee on technical barriers to trade issues, to facilitate and harmonise technical regulations, standards and mandatory conformity assessment procedures with the aim of eliminating technical barriers to trade.

b. The Parties shall inform the Joint Committee, or a special committee on technical barriers to trade issues, of any draft text for a new technical regulation (including any mandatory conformity assessment procedures) or standard, at least ninety days prior to its adoption except in case of urgency as referred to in the WTO Agreement on Technical Barriers to Trade. If a Party proposes to transpose a European or international technical regulation or standard, the respective period is thirty days.

c. 5. If a Party considers that any other Party has adopted or is in the process of adopting a measure constituting an unnecessary technical barrier to trade, the Party concerned shall notify the Joint Committee, or a special committee on technical barriers to trade issues, which shall decide on the action to be taken.

2. Products exported to the territory of one of the Parties may not benefit from repayment of domestic taxation in excess of the amount of indirect taxation imposed on them.

1. Payments in freely convertible currencies relating to trade in goods between the Parties and the transfer of such payments to the territory of the Party, where the creditor resides shall be free from any restrictions.
2. The Parties shall refrain from any exchange or administrative restrictions on the grant, repayment or acceptance of short and medium term credits to trade in goods in which a resident participates.
3. Notwithstanding the provisions of paragraph 2 of this Article, all measures concerning current payments connected with the movement of goods shall be in conformity with the conditions laid down under Article VIII of the Articles of Agreement of the International Monetary Fund and shall be applied on a non-discriminatory basis.

Article 17**General Exceptions**

This Agreement shall not preclude the prohibition or restriction on imports, exports, or goods in transit justified on grounds of public morality, public policy or public security, the protection of health and life of humans, animal or plants, the protection of national treasures possessing artistic, historic or archaeological value, protection of intellectual property or rules relating to gold or silver or the conservation of exhaustible natural resources, if such measures are made effective in conjunction with restrictions on domestic production or consumption. Such prohibitions or restrictions shall not, however, constitute a means of arbitrary discrimination or a disguised restriction on trade between the Parties.

Article 18**Security Exceptions**

Nothing in this Agreement shall prevent a Party from taking any measure, which it considers necessary:

1. to prevent the disclosure of information contrary to its essential security interests;
2. for the protection of its essential security interests or for the implementation of international obligations or domestic policies:
 - a. relating to the traffic in arms, ammunition and implements of war, provided that such measures do not impair the conditions of competition in respect of products not intended for specifically military purposes, and to such traffic in other goods, materials and services as is carried on directly or indirectly for the purpose of supplying a military establishment; or
 - b. relating to the non-proliferation of biological and chemical weapons, nuclear weapons or other nuclear explosive devices; or
 - c. taken in time of war or other serious international tension constituting threat of war.

B.— Competition Rules

Article 19

1. The Parties shall adjust any State monopolies of a commercial character or State-trading enterprises so as to ensure that, in accordance with WTO provisions, no discrimination exists between enterprises of the Parties regarding the conditions under which products are marketed. The Parties shall inform the Joint Committee about the measures they adopt to implement this provision.
2. The provisions of paragraphs 1 and 3 of this Article shall apply to any body through which the competent authorities of the Parties, in law or in fact, either directly or indirectly supervise, determine or appreciably influence imports or exports between the Parties. These provisions shall likewise apply to monopolies delegated by the State to others.
3. The Parties shall refrain from introducing any new measure which is contrary to the principles laid down in paragraphs 1 and 2 of this Article or which restricts the scopes of the Articles dealing with the prohibition of customs duties and quantitative restrictions between the Parties.

Article 20
Rules of Competition Concerning Undertakings

1. The following are incompatible with the proper functioning of this Agreement in so far as they may affect trade between the Parties:
 - a. all agreements between undertakings, decisions by associations of undertakings and concerted practices between undertakings which have as their object or effect the prevention, restriction or distortion of competition in the territories of the Parties as a whole or in a substantial part thereof;
 - b. abuse by one or more undertakings of a dominant position in the territories of the Parties as a whole or in a substantial part thereof.
2. Any practice contrary to this Article shall be assessed on the basis of the principles of the competition rules applicable in the European Community, in particular Articles 81, 82 and 86 of the Treaty establishing the European Community.
3. By 1 May 2010 the provisions of paragraphs 1 and 2 shall apply to the activities of all undertakings, including public undertakings and undertakings to which the Parties grant special or exclusive rights. Undertakings entrusted with the operation of services of general economic interest or having the character of a revenue-producing monopoly, shall be subject to provisions of paragraphs 1 and 2 insofar as the application of these provisions does not obstruct the performance, in law or fact, of the particular public tasks assigned to them.
4. With regard to products referred to in Chapter III the provisions stipulated in paragraph 1(a) shall not apply to such agreements, decisions and practices which form an integral part of a domestic market organization.
5. The Parties undertake to apply their respective competition laws with a view to removing practices referred to in paragraph 1.
6. The Parties shall notify each other of relevant enforcement activities and exchange information. No Party shall be required to disclose information that is confidential according to its domestic legislation. Upon request, competition authorities and/or other relevant authorities of the Parties concerned shall enter into consultations in order to facilitate the removal of the practices referred to in paragraphs 1 and 2. The Party addressed shall accord full consideration to that request. This co-ordination shall not prevent the Parties from taking autonomous decisions.

7. If a Party considers that a given practice is incompatible with paragraphs 1 - 4 of this Article and if such practice causes or threatens to cause serious prejudice to the interest of that Party or material injury to its domestic industry, it may take appropriate measures under the conditions and in accordance with the procedure laid down in Article 24.

Article 21

State Aid

1. Any aid granted by a Party or through State resources in any form whatsoever which distorts or threatens to distort competition by favouring certain goods shall, in so far as it may affect trade between the Party concerned and other Parties to this Agreement, be incompatible with the proper functioning of this Agreement.
2. The provisions of paragraph 1 shall not apply to products referred to in Chapter III.
3. The Parties undertake to apply their respective laws with a view to ensure the application of the principles referred to in paragraph 1.
4. Any practice contrary to this Article shall be assessed on the basis of the principles of the state aid rules applicable in the European Community, in particular from Article 87 of the Treaty establishing the European Community.
5. If a Party considers that a particular practice is incompatible with the terms of paragraph 1 and causes or threatens to cause serious prejudice to the interest of that Party or material injury to its domestic industry, it may take appropriate measures under the conditions of and in accordance with the provisions laid down in Article 24.
6. Nothing in this Article shall prejudice or affect in any way the taking by any Party of countervailing measures in accordance with the relevant Articles of GATT and the WTO Agreement on Subsidies and Countervailing Measures or related internal legislation.
7. Each Party shall ensure transparency in the area of state aid, *inter alia* by reporting annually to the Joint Committee on the total amount and the distribution of the aid given and by providing to the other Parties, upon request, information on aid schemes and on particular individual cases of state aid.

C.— Contingent Protection Rules**Article 22****Anti-Dumping Measures**

1. If a Party finds that dumping is taking place in trade with another Party within the meaning of Article VI of GATT, it may take appropriate measures against the practice in accordance with the WTO Agreement on Implementation of Article VI of the GATT and under the conditions laid down in the Joint Declaration referring to this Article.
2. The Party will promptly notify any concerned Party and the Joint Committee on the actions and measures it takes and promptly supply all relevant information.

Article 23**General Safeguards**

1. The Parties confirm their rights to take a safeguard measure in accordance with Article XIX of GATT and the WTO Agreement on Safeguard Measures under conditions laid down in the Joint Declaration referring to this Article.
2. Notwithstanding paragraph 1, where as a result of the obligations incurred by a Party under this Agreement any product is being imported in such increased quantities and under such conditions from a Party to this Agreement as to cause or threaten to cause:
 - a. serious injury to domestic producers of like or directly competitive products in the territory of the importing Party, or
 - b. serious disturbances in any sector of the economy which could bring about serious deterioration in the economic situation of the importing Party,

the importing Party may take appropriate bilateral safeguard measures against the other Party to this Agreement under the conditions and in accordance with the relevant procedures laid down in Article 24.

Article 23 bis

Notwithstanding other provisions of this Agreement, and in particular Article 23, given the particular sensitivity of the agricultural market, if imports of products originating in one Party, which are the subject of concessions granted pursuant to Annex 3, cause serious disturbance to the markets or to their domestic regulatory mechanisms, in another Party, both Parties shall enter into consultations immediately to find an appropriate solution. Pending such solution, the Party concerned may take the appropriate measures it deems necessary.

Article 24**Conditions and Procedures for Taking Measures**

1. Before initiating the procedure for the application of measures provided for in Articles 20, 21 and 23 the Parties shall endeavour to solve any differences between them through direct consultations.
2. If a Party subjects, to an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows, imports of products that may give rise to a situation referred to in Article 23, it shall inform the Parties concerned.
3. Without prejudice to paragraph 7 of the present Article, a Party, which considers resorting to measures provided for in Articles 20, 21 and 23, shall promptly notify any concerned Party and the Joint Committee thereof and supply all relevant information. The Joint Committee shall examine the case without delay and may make any recommendation needed to put an end to the difficulties notified. In the absence of such recommendation within 30 calendar days of the matter being referred to the Joint Committee, or if the practice objected to is not abolished within the period fixed by the Joint Committee, and if the problem persists, the complaining Party may adopt appropriate measures necessary in order to remedy the situation.
4. Measures as provided for in Articles 21, 23 and 42 shall be restricted with regard to their extent and duration to what is strictly necessary in order to remedy the problem and shall not be in excess of the injury caused by the practice. Priority shall be given to those measures which least disturb the functioning of this Agreement.

5. Bilateral safeguard measures under Article 23, paragraph 2 shall consist of an increase in the corresponding rate of duty applicable under this Agreement. The resulting rate of duty shall not exceed the lesser of:
 - a. the MFN applied rate of duty in effect at the time the action was taken, or
 - b. the MFN applied rate of duty in effect on the day immediately preceding the date of entry into force of this Agreement.

Bilateral safeguard measures shall contain clear elements progressively leading to their elimination and shall not be taken for a period exceeding one year. They can be renewable two times at most. No measure shall be applied to the import of a product that has previously been subject to such a measure for a period of two years since the expiry of the measure.

6. Measures taken in accordance with the Articles referred to in paragraphs 4 and 5 shall be notified immediately to the other Parties and to the Joint Committee. The Joint Committee shall monitor the implementation of these measures, in particular with a view to their relaxation or abolition as soon as possible.
7. Where exceptional and critical circumstances requiring immediate action make prior examination or information, as the case may be, impossible, the Party concerned may, in the case of Article 23, paragraph 2 apply forthwith provisional measures strictly necessary to remedy the situation. Such provisional measures may only apply for at most 200 calendar days. Provisional measures shall be notified without delay and consultations between the Parties shall take place as soon as possible within the Joint Committee and in accordance with the relevant paragraphs of this Article.

Article 25

Balance of Payments Difficulties

Where one of the Parties is in serious balance of payments difficulties, or under imminent threat thereof, the Party concerned may adopt restrictive import measures on an *erga omnes* basis in accordance with WTO provisions. Such measures shall, in particular, be of limited duration and may not go beyond what is necessary to remedy the balance of payments situation. The measures shall be progressively relaxed as balance of payments conditions improve and they shall be eliminated when conditions no longer justify their maintenance.

The Party shall inform the other Parties forthwith of their introduction and, whenever practicable, of a time schedule for their removal.

Article 29 Evolutionary Clause

The Joint Committee shall review on an annual basis the results of the co-operation referred to in Article 27 and, if appropriate, recommend, following its rules of procedure, the launching

of negotiations with the aim to achieve progressively a high level of liberalization in accordance with Article V of GATS. The commitments undertaken further to such negotiations shall be set out in schedules forming an integral part of this Agreement.

B. — Investment

Article 30

Scope

1. The Parties confirm their rights and obligations existing under the bilateral investment agreements enumerated in Annex 6.

Article 31

Objectives

1. The Parties shall create and maintain stable, favourable and transparent conditions for investors of the other Parties that are making or seeking to make investments in their territories.
2. Each Party shall promote as far as possible investments made by investors of the other Parties on its territory and admit such investments in accordance with its domestic laws and regulations.
3. When a Party shall have admitted an investment made by investors from the other Parties, it shall, in accordance with its domestic laws and regulations, grant the necessary permits and administrative authorisations in connection with such an investment.

4. To this extent, the Parties shall exchange, within the framework of the Joint Committee, information about their laws and regulations regarding the establishment of investments, as well as any investment opportunities.

Article 32

Treatment of Investments

1. Each Party shall ensure fair and equitable treatment and full protection and security to investments of the investors of the other Parties.
2. Each Party shall protect investments made in accordance with its domestic laws and regulations by investors of the other Parties and shall not impair by unreasonable or discriminatory measures the management, maintenance, use, enjoyment, extension, sale or liquidation of such investments. Nor shall the Parties adopt any new regulations or measures which introduce discrimination as regards the establishment of any other Party's companies on their territory.
3. The Parties shall provide, as regards the establishment and operation of other Parties' investments, a treatment no less favorable than that granted by each Party to investments made by its own investors, or than that granted by each Party to the investments by investors of any third State, if this latter treatment is more favorable.
4. The non-discriminatory treatment, the national treatment and the Most Favoured Nation treatment provisions of this Agreement shall not apply to all actual or future advantages accorded by either Party by virtue of its membership of a customs, economic or monetary union, a common market or a free trade area. Nor shall such treatment relate to any advantage which either Party accords to investors of a third State by virtue of a double taxation agreement or other agreements on a reciprocal basis regarding tax matters.

Article 33

Evolutionary Clause

1. The Parties shall consult within the Joint Committee, aiming for the gradual achievement of a broad coordination of their investment policies.

Scope and Definitions

This Agreement applies to all laws, regulations, procedures or practices regarding any procurement by central or sub-central government entities or other relevant entities. Nothing in Articles 26-29 of this Agreement shall be construed to impose any obligation with respect to government procurement. The definitions of Article I of the WTO Agreement on Government Procurement shall apply.

Article 35

In particular, the Parties shall ensure that their entities:

- a. do not treat a locally-established supplier less favourably than another locally-established supplier on the basis of the degree of foreign affiliation to, or ownership by, a person of another Party; and
 - b. do not discriminate against a locally-established supplier on the basis that the goods or services offered by that supplier for a particular procurement are goods or services of another Party.
3. This Article shall not apply to measures concerning customs duties or other charges of any kind imposed on or in connection with importation, the method of levying such duties and charges, other import regulations, including restrictions and formalities, nor to measures affecting trade in services other than measures specifically governing procurement.

2. Supporting documents

The documents referred to in Articles 17 (3) and 22 (4) used for the purpose of proving that products covered by a movement certificate EUR.1 or an invoice declaration can be considered as products originating in a Party, in the European Community or in the other countries referred to in Article 3 and fulfill the other requirements of this Protocol, may consist *inter alia* of the following:

- (a) direct evidence of the processes carried out by the exporter or supplier to obtain the goods concerned, contained for example in his accounts or internal book-keeping;
- (b) documents proving the originating status of materials used, issued or made out in a Party where these documents are used in accordance with national law;
- (c) documents proving the working or processing of materials in a Party, issued or made out in a Party, where these documents are used in accordance with national law;
- (d) movement certificates EUR.1 or invoice declarations proving the originating status of materials used, issued or made out in the Parties in accordance with this Protocol, or in the European Community or in one of the countries referred to in Article 3, in accordance with rules of origin which are identical to the rules in this Protocol;
- (e) appropriate evidence concerning working or processing undergone outside a Party by application of Article 12, proving that the requirements of that Article have been satisfied.

Article 29

Preservation of proof of origin and supporting documents

1. The exporter applying for the issue of a movement certificate EUR.1 shall keep for at least three years the documents referred to in Article 17 (3).
2. The exporter making out an invoice declaration shall keep for at least three years a copy of this invoice declaration as well as the documents referred to in Article 22 (4).
3. The customs authorities of the exporting Party issuing a movement certificate EUR.1 shall keep for at least three years the application form referred to in Article 17 (2).
4. The customs authorities of the importing Party shall keep for at least three years the movement certificates EUR.1 and the invoice declarations submitted to them.

Article 30

Discrepancies and formal errors

1. The discovery of slight discrepancies between the statements made in the proof of origin and those made in the documents submitted to the customs office for the purpose of carrying out the formalities for importing the products shall not ipso facto render the proof of origin null and void if it is duly established that this document does correspond to the products submitted.
2. Obvious formal errors such as typing errors on a proof of origin should not cause this document to be rejected if these errors are not such as to create doubts concerning the correctness of the statements made in this document.

Article 31

Amounts expressed in euro

1. For the application of the provisions of Article 22 (1) (b) and Article 27 (3) in cases where products are invoiced in a currency other than euro, amounts in the national currencies of the Parties equivalent to the amounts expressed in euro shall be fixed annually by each of the Parties concerned.
2. A consignment shall benefit from the provisions of Article 22 (1) (b) or Article 27 (3) by reference to the currency in which the invoice is drawn up, according to the amount fixed by the Party concerned.
3. The amounts to be used in any given national currency shall be the equivalent in that currency of the amounts expressed in euro as at the first working day of October and shall apply from 1 January the following year. The Parties shall be notified of the relevant amounts.
4. A Party may round up or down the amount resulting from the conversion into its national currency of an amount expressed in euro. The rounded-off amount may not differ from the amount resulting from the conversion by more than 5 %. A Party may retain unchanged its national currency equivalent of an amount expressed in euro if, at the time of the annual adjustment provided for in paragraph 3, the conversion of that amount, prior to any rounding-

off, results in an increase of less than 15 % in the national currency equivalent. The national currency equivalent may be retained unchanged if the conversion would result in a decrease in that equivalent value.

5. The amounts expressed in euro shall be reviewed by the Joint Committee at the request of a Party. When carrying out this review, the Joint Committee shall consider the desirability of preserving the effects of the limits concerned in real terms. For this purpose, it may decide to modify the amounts expressed in euro.

TITLE VI

ARRANGEMENTS FOR ADMINISTRATIVE CO-OPERATION

Article 32

Mutual assistance

1. The customs authorities of the Parties shall provide each other with specimen impressions of stamps used in their customs offices for the issue of movement certificates EUR.1 and with the addresses of the customs authorities responsible for verifying those certificates and invoice declarations.

2. In order to ensure the proper application of this Protocol, the Parties shall assist each other, through the competent customs administrations, in checking the authenticity of the movement certificates EUR.1 or the invoice declarations and the correctness of the information given in these documents.

Article 33

Verification of proofs of origin

1. Subsequent verifications of proofs of origin shall be carried out at random or whenever the customs authorities of the importing Party have reasonable doubts as to the authenticity of such documents, the originating status of the products concerned or the fulfillment of the other requirements of this Protocol.

2. For the purposes of implementing the provisions of paragraph 1, the customs authorities of the importing Party shall return the movement certificate EUR.1 and the invoice, if it has been submitted, the invoice declaration, or a copy of these documents, to the customs authorities of the exporting Party giving, where appropriate, the reasons for the request for verification. Any documents and information obtained suggesting that the information given on the proof of origin is incorrect shall be forwarded in support of the request for verification.

3. The verification shall be carried out by the customs authorities of the exporting Party. For this purpose, they shall have the right to call for any evidence and to carry out any inspection of the exporter's accounts or any other check considered appropriate.

4. If the customs authorities of the importing Party decide to suspend the granting of preferential treatment to the products concerned while awaiting the results of the verification, release of the products shall be offered to the importer subject to any precautionary measures judged necessary.

5. The customs authorities requesting the verification shall be informed of the results of this verification as soon as possible. These results shall indicate clearly whether the documents are authentic and whether the products concerned can be considered as products originating in a Party or in the other countries referred to in Article 3 and fulfill the other requirements of this Protocol.

6. If in cases of reasonable doubt there is no reply within 10 months of the date of the verification request or if the reply does not contain sufficient information to determine the authenticity of the document in question or the real origin of the products, the requesting customs authorities shall, except in exceptional circumstances, refuse entitlement to the preferences.

Article 34

Dispute settlement

Where disputes arise in relation to the verification procedures of Article 33, which cannot be settled between the customs authorities requesting verification and the customs authorities responsible for carrying out this verification or where they raise a question as to the interpretation of this Protocol, they shall be submitted to the Joint Committee.

In all cases the settlement of disputes between the importer and the customs authorities of the importing Party shall be under the legislation of the said Party.

Article 35

Penalties

Penalties shall be imposed on any person who draws up, or causes to be drawn up, a document, which contains incorrect information for the purpose of obtaining a preferential treatment for products.

Article 36

Free zones

1. The Parties shall take all necessary steps to ensure that products traded under cover of a proof of origin which in the course of transport use a free zone situated in their territory, are not substituted by other goods and do not undergo handling other than normal operations designed to prevent their deterioration.

2. By means of an exemption to the provisions contained in paragraph 1, when products originating in a Party are imported into a free zone under cover of a proof of origin and undergo treatment or processing, the authorities concerned shall issue a new movement certificate EUR.1 at the exporter's request, if the treatment or processing undergone is in conformity with the provisions of this Protocol.

TITLE VII**FINAL PROVISIONS****Article 37****Transitional provisions for goods in transit or storage**

The provisions of the Agreement may be applied to goods which comply with the provisions of this Protocol and which on date of the entry into force of this Protocol are either in transit or are in the Party in temporary storage in customs warehouses or in free zones, subject to the submission to the customs authorities of the importing Party, within four months of the said date, of a movement certificate EUR.1 issued by the customs authorities, according provisions in Bilateral Free Trade Agreements listed in Annex 2 to this Agreement, of the exporting Party together with the documents showing that the goods have been transported directly in accordance with Article 13.

Article 38**Amendments to the Protocol**

The Joint Committee may decide to amend the provisions of this Protocol.

Article 39**Customs Sub-Committee**

1. The Customs Sub-Committee shall be set up, charged with carrying out administrative co-operation with a view to the correct and uniform application of this Protocol and with carrying out any other task in the customs field which may be entrusted to it.
2. The Sub-Committee shall be composed of experts of the Parties who are responsible for customs questions.

Article 40**Annexes**

The Annexes I - IV to this Protocol shall form an integral part thereof.

ANNEX I to Protocol**INTRODUCTORY NOTES TO THE LIST IN ANNEX II****Note 1:**

The list sets out the conditions required for all products to be considered as sufficiently worked or processed within the meaning of Article 6 of the Protocol.

Note 2:

2.1. The first two columns in the list describe the product obtained. The first column gives the heading number or chapter number used in the Harmonized System and the second column gives the description of goods used in that system for that heading or chapter. For each entry in the first two columns, a rule is specified in column 3 or 4. Where, in some cases, the entry in the first column is preceded by an "ex", this signifies that the rules in column 3 or 4 apply only to the part of that heading as described in column 2.

2.2. Where several heading numbers are grouped together in column 1 or a chapter number is given and the description of products in column 2 is therefore given in general terms, the adjacent rules in column 3 or 4 apply to all products which, under the Harmonized System, are classified in headings of the chapter or in any of the headings grouped together in column 1.

2.3. Where there are different rules in the list applying to different products within a heading, each indent contains the description of that part of the heading covered by the adjacent rules in column 3 or 4.

2.4. Where, for an entry in the first two columns, a rule is specified in both columns 3 and 4, the exporter may opt, as an alternative, to apply either the rule set out in column 3 or that set out in column 4. If no origin rule is given in column 4, the rule set out in column 3 is to be applied.

Note 3:

3.1. The provisions of Article 6 of the Protocol, concerning products having acquired originating status which are used in the manufacture of other products, shall apply, regardless of whether this status has been acquired inside the factory where these products are used or in another factory in a Party.

Example:

An engine of heading 8407, for which the rule states that the value of the non-originating materials which may be incorporated may not exceed 40 % of the ex-works price, is made from "other alloy steel roughly shaped by forging" of heading ex 7224.

If this forging has been forged in a Party from a non-originating ingot, it has already acquired originating status by virtue of the rule for heading ex 7224 in the list. The forging can then count as originating in the value-calculation for the engine, regardless of whether it was produced in the same factory or in another factory in the Party. The value of the non-originating ingot is thus not taken into account when adding up the value of the non-originating materials used.

3.2. The rule in the list represents the minimum amount of working or processing required, and the carrying-out of more working or processing also confers originating status; conversely, the carrying-out of less working or processing cannot confer originating status. Thus, if a rule provides that non-originating material, at a certain level of manufacture, may be used, the use of such material at an earlier stage of manufacture is allowed, and the use of such material at a later stage is not.

3.3. Without prejudice to Note 3.2, where a rule uses the expression "Manufacture from materials of any heading", then materials of any heading(s) (even materials of the same description and heading as the product) may be used, subject, however, to any specific limitations which may also be contained in the rule.

However, the expression "Manufacture from materials of any heading, including other materials of heading ..." or "Manufacture from materials of any heading, including other materials of the same heading as the product" means that materials of any heading(s) may be used, except those of the same description as the product as given in column 2 of the list.

3.4. When a rule in the list specifies that a product may be manufactured from more than one material, this means that one or more materials may be used. It does not require that all be used.

Example:

The rule for fabrics of headings 5208 to 5212 provides that natural fibres may be used and that chemical materials, among other materials, may also be used. This does not mean that both have to be used; it is possible to use one or the other, or both.

3.5. Where a rule in the list specifies that a product must be manufactured from a particular material, the condition obviously does not prevent the use of other materials which, because of their inherent nature, cannot satisfy the rule. (See also Note 6.2 below in relation to textiles).

Example:

The rule for prepared foods of heading 1904, which specifically excludes the use of cereals and their derivatives, does not prevent the use of mineral salts, chemicals and other additives which are not products from cereals.

However, this does not apply to products which, although they cannot be manufactured from the particular materials specified in the list, can be produced from a material of the same nature at an earlier stage of manufacture.

Example:

In the case of an article of apparel of ex Chapter 62 made from non-woven materials, if the use of only non-originating yarn is allowed for this class of article, it is not possible to start from non-woven cloth – even if non-woven cloths cannot normally be made from yarn. In such cases, the starting material would normally be at the stage before yarn – that is, the fibre stage.

3.6. Where, in a rule in the list, two percentages are given for the maximum value of non-originating materials that can be used, then these percentages may not be added together. In other words, the maximum value of all the non-originating materials used may never exceed the higher of the percentages given. Furthermore, the individual percentages must not be exceeded, in relation to the particular materials to which they apply.

Note 4:

4.1. The term "natural fibres" is used in the list to refer to fibres other than artificial or synthetic fibres. It is restricted to the stages before spinning takes place, including waste, and, unless otherwise specified, includes fibres which have been carded, combed or otherwise processed, but not spun.

4.2. The term "natural fibres" includes horsehair of heading 0503, silk of headings 5002 and 5003, as well as wool-fibres and fine or coarse animal hair of headings 5101 to 5105, cotton fibres of headings 5201 to 5203, and other vegetable fibres of headings 5301 to 5305.

4.3. The terms "textile pulp", "chemical materials" and "paper-making materials" are used in the list to describe the materials, not classified in Chapters 50 to 63, which can be used to manufacture artificial, synthetic or paper fibres or yarns.

4.4. The term "man-made staple fibres" is used in the list to refer to synthetic or artificial filament tow, staple fibres or waste, of headings 5501 to 5507.

Note 5:

5.1. Where, for a given product in the list, reference is made to this Note, the conditions set out in column 3 shall not be applied to any basic textile materials used in the manufacture of this product and which, taken together, represent 10 % or less of the total weight of all the basic textile materials used. (See also Notes 5.3 and 5.4 below.)

5.2. However, the tolerance mentioned in Note 5.1 may be applied only to mixed products which have been made from two or more basic textile materials.

The following are the basic textile materials:

- silk,
- wool,
- coarse animal hair,
- fine animal hair,
- horsehair,
- cotton,
- paper-making materials and paper,

- flax,
- true hemp,
- jute and other textile bast fibres,
- sisal and other textile fibres of the genus *Agave*,
- coconut, abaca, ramie and other vegetable textile fibres,
- synthetic man-made filaments,
- artificial man-made filaments,
- current-conducting filaments,
- synthetic man-made staple fibres of polypropylene,
- synthetic man-made staple fibres of polyester,
- synthetic man-made staple fibres of polyamide,
- synthetic man-made staple fibres of polyacrylonitrile,
- synthetic man-made staple fibres of polyimide,
- synthetic man-made staple fibres of polytetrafluoroethylene,
- synthetic man-made staple fibres of poly(phenylene sulphide),
- synthetic man-made staple fibres of poly(vinyl chloride),
- other synthetic man-made staple fibres,
- artificial man-made staple fibres of viscose,
- other artificial man-made staple fibres,
- yarn made of polyurethane segmented with flexible segments of polyether, whether or not gimped,
- yarn made of polyurethane segmented with flexible segments of polyester, whether or not gimped,
- products of heading 5605 (metallised yarn) incorporating strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of a transparent or coloured adhesive between two layers of plastic film,
- other products of heading 5605.

Example:

A yarn, of heading 5205, made from cotton fibres of heading 5203 and synthetic staple fibres of heading 5506, is a mixed yarn. Therefore, non-originating synthetic staple fibres which do not satisfy the origin-rules (which require manufacture from chemical materials or textile pulp) may be used, provided that their total weight does not exceed 10 % of the weight of the yarn.

Example:

A woollen fabric, of heading 5112, made from woollen yarn of heading 5107 and synthetic yarn of staple fibres of heading 5509, is a mixed fabric. Therefore, synthetic yarn which does not satisfy the origin-rules (which require manufacture from chemical materials or textile pulp), or woollen yarn which does not satisfy the origin-rules (which require manufacture from natural fibres, not carded or combed or otherwise prepared for spinning), or a combination of the two, may be used, provided that their total weight does not exceed 10 % of the weight of the fabric.

Example:

Tufted textile fabric, of heading 5802, made from cotton yarn of heading 5205 and cotton fabric of heading 5210, is a only mixed product if the cotton fabric is itself a mixed fabric made from yarns classified in two separate headings, or if the cotton yarns used are themselves mixtures.

Example:

If the tufted textile fabric concerned had been made from cotton yarn of heading 5205 and synthetic fabric of heading 5407, then, obviously, the yarns used are two separate basic textile materials and the tufted textile fabric is, accordingly, a mixed product.

5.3. In the case of products incorporating "yarn made of polyurethane segmented with flexible segments of polyether, whether or not gimped", this tolerance is 20 % in respect of this yarn.

5.4. In the case of products incorporating "strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of a transparent or coloured adhesive between two layers of plastic film", this tolerance is 30 % in respect of this strip.

Note 6:

6.1. Where, in the list, reference is made to this Note, textile materials (with the exception of linings and interlinings), which do not satisfy the rule set out in the list in column 3 for the made-up product concerned, may be used, provided that they are classified in a heading other than that of the product and that their value does not exceed 8 % of the ex-works price of the product.

6.2. Without prejudice to Note 6.3, materials, which are not classified within Chapters 50 to 63, may be used freely in the manufacture of textile products, whether or not they contain textiles.

Example:

If a rule in the list provides that, for a particular textile item (such as trousers), yarn must be used, this does not prevent the use of metal items, such as buttons, because buttons are not classified within Chapters 50 to 63. For the same reason, it does not prevent the use of slide-fasteners, even though slide-fasteners normally contain textiles.

6.3. Where a percentage-rule applies, the value of materials which are not classified within Chapters 50 to 63 must be taken into account when calculating the value of the non-originating materials incorporated.

Note 7:

7.1. For the purposes of headings ex 2707, 2713 to 2715, ex 2901, ex 2902 and ex 3403, the "specific processes" are the following:

- (a) vacuum-distillation;
- (b) redistillation by a very thorough fractionation-process;
- (c) cracking;
- (d) reforming;
- (e) extraction by means of selective solvents;
- (f) the process comprising all of the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralisation with alkaline agents; decolourisation and purification with naturally-active earth, activated earth, activated charcoal or bauxite;
- (g) polymerisation;
- (h) alkylation;
- (i) isomerisation.

7.2. For the purposes of headings 2710, 2711 and 2712, the "specific processes" are the following:

- (a) vacuum-distillation;
- (b) redistillation by a very thorough fractionation-process;
- (c) cracking;
- (d) reforming;
- (e) extraction by means of selective solvents;
- (f) the process comprising all of the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralisation with alkaline agents; decolourisation and purification with naturally-active earth, activated earth, activated charcoal or bauxite;
- (g) polymerisation;
- (h) alkylation;
- (i) isomerisation;
- (j) in respect of heavy oils of heading ex 2710 only, desulphurisation with hydrogen, resulting in a reduction of at least 85 % of the sulphur-content of the products processed (ASTM D 1266-59 T method);
- (k) in respect of products of heading 2710 only, deparaffining by a process other than filtering;
- (l) in respect of heavy oils of heading ex 2710 only, treatment with hydrogen, at a pressure of more than 20 bar and a temperature of more than 250 °C, with the use of a catalyst, other than to effect desulphurisation, when the hydrogen constitutes an active element in a chemical reaction. The further treatment, with hydrogen, of

lubricating oils of heading ex 2710 (e.g. hydrofinishing or decolourisation), in order, more especially, to improve colour or stability shall not, however, be deemed to be a specific process;

- (m) in respect of fuel oils of heading ex 2710 only, atmospheric distillation, on condition that less than 30 % of these products distils, by volume, including losses, at 300 °C, by the ASTM D 86 method;
- (n) in respect of heavy oils other than gas oils and fuel oils of heading ex 2710 only, treatment by means of a high-frequency electrical brush-discharge;
- (o) in respect of crude products (other than petroleum jelly, ozokerite, lignite wax or peat wax, paraffin wax containing by weight less than 0.75 % of oil) of heading ex 2712 only, de-oiling by fractional crystallisation.

7.3. For the purposes of headings ex 2707, 2713 to 2715, ex 2901, ex 2902 and ex 3403, simple operations, such as cleaning, decanting, desalting, water-separation, filtering, colouring, marking, obtaining a sulphur-content as a result of mixing products with different sulphur-contents, or any combination of these operations or like operations, do not confer origin.
