ACT
CONCERNING THE CONDITIONS OF ACCESSION
OF THE REPUBLIC OF CROATIA
AND THE ADJUSTMENTS TO THE TREATY ON EUROPEAN UNION,
THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
AND THE TREATY ESTABLISHING THE EUROPEAN ATOMIC ENERGY COMMUNITY

PART ONE

PRINCIPLES

ARTICLE 1

For the purposes of this Act:

- the expression "original Treaties" means:
 - (a) the Treaty on European Union (TEU) and the Treaty on the Functioning of the European Union (TFEU), as amended or supplemented by treaties or other acts which entered into force before the accession of the Republic of Croatia,
 - (b) the Treaty establishing the European Atomic Energy Community (EAEC Treaty), as amended or supplemented by treaties or other acts which entered into force before the accession of the Republic of Croatia;

- the expression "present Member States" means the Kingdom of Belgium, the Republic of Bulgaria, the Czech Republic, the Kingdom of Denmark, the Federal Republic of Germany, the Republic of Estonia, Ireland, the Hellenic Republic, the Kingdom of Spain, the French Republic, the Italian Republic, the Republic of Cyprus, the Republic of Latvia, the Republic of Lithuania, the Grand Duchy of Luxembourg, the Republic of Hungary, the Republic of Malta, the Kingdom of the Netherlands, the Republic of Austria, the Republic of Poland, the Portuguese Republic, Romania, the Republic of Slovenia, the Slovak Republic, the Republic of Finland, the Kingdom of Sweden and the United Kingdom of Great Britain and Northern Ireland;
- the expression "the Union" means the European Union founded on the TEU and on the TFEU and/or, as the case may be, the European Atomic Energy Community;
- the expression "the institutions" means the institutions established by the TEU.

ARTICLE 2

From the date of accession, the provisions of the original Treaties and the acts adopted by the institutions before accession shall be binding on Croatia and shall apply in Croatia under the conditions laid down in those Treaties and in this Act.

Where amendments to the original Treaties have been agreed by the representatives of the governments of the Member States pursuant to Article 48(4) of the TEU after the ratification of the Treaty of Accession by Croatia and where those amendments have not entered into force by the date of accession, Croatia shall ratify those amendments in accordance with its constitutional requirements.

ARTICLE 3

1. Croatia accedes to the decisions and agreements of the Heads of State or Government of the Member States meeting within the European Council.
2. Croatia accedes to the decisions and agreements adopted by the representatives of the governments of the Member States meeting within the Council.
3. Croatia is in the same situation as the present Member States in respect of declarations or resolutions of, or other positions taken up by, the European Council or the Council and in respect of those concerning the Union adopted by common agreement of the Member States. Croatia will accordingly observe the principles and guidelines deriving from those declarations, resolutions or other positions and will take such measures as may be necessary to ensure their implementation.

4. Croatia accedes to the conventions and protocols listed in Annex I. Those conventions and protocols shall enter into force in relation to Croatia on the date determined by the Council in the decisions referred to in paragraph 5.
5. The Council, acting unanimously on a recommendation by the Commission and after consulting the European Parliament, shall decide to make all adjustments required by reason of the accession to the conventions and protocols referred to in paragraph 4 and publish the adapted texts in the *Official Journal of the European Union*.
6. Croatia undertakes, in respect of the conventions and protocols referred to in paragraph 4, to introduce administrative and other arrangements, such as those adopted by the date of accession by the present Member States or by the Council, and to facilitate practical cooperation between the Member States' institutions and organisations.
7. The Council, acting unanimously on a proposal from the Commission, may supplement Annex I with the relevant conventions, agreements and protocols signed before the date of accession.

ARTICLE 4

1. The provisions of the Schengen *acquis* as referred to in the Protocol on the Schengen *acquis* integrated into the framework of the European Union (hereinafter referred to as the "Schengen Protocol"), annexed to the TEU and the TFEU, and the acts building upon it or otherwise related to it, listed in Annex II, as well as any further such acts adopted before the date of accession, shall be binding on, and applicable in, Croatia from the date of accession.

2. Those provisions of the Schengen *acquis* as integrated into the framework of the European Union and the acts building upon it or otherwise related to it not referred to in paragraph 1, while binding on Croatia from the date of accession, shall only apply in Croatia pursuant to a Council decision to that effect, after verification, in accordance with the applicable Schengen evaluation procedures, that the necessary conditions for the application of all parts of the relevant *acquis* have been met in Croatia, including the effective application of all Schengen rules in accordance with the agreed common standards and with fundamental principles. That decision shall be taken by the Council, in accordance with the applicable Schengen procedures and while taking into account a Commission report confirming that Croatia continues to fulfil the commitments undertaken in its accession negotiations that are relevant for the Schengen *acquis*.

The Council shall take its decision, after consulting the European Parliament, acting with the unanimity of its members representing the Governments of the Member States in respect of which the provisions referred to in this paragraph have already been put into effect and of the representative of the Government of the Republic of Croatia. The members of the Council representing the Governments of Ireland and of the United Kingdom of Great Britain and Northern Ireland shall take part in such a decision insofar as it relates to the provisions of the Schengen *acquis* and the acts building upon it or otherwise related to it in which these Member States participate.

ARTICLE 5

Croatia shall participate in the Economic and Monetary Union from the date of accession as a Member State with a derogation within the meaning of Article 139 of the TFEU.

ARTICLE 6

1. The agreements concluded or provisionally applied by the Union with one or more third countries, with an international organisation or with a national of a third country shall, under the conditions laid down in the original Treaties and in this Act, be binding on Croatia.

2. Croatia undertakes to accede, under the conditions laid down in this Act, to the agreements concluded or signed by the present Member States and the Union with one or more third countries or with an international organisation.

Unless otherwise provided for in specific agreements referred to in the first subparagraph, the accession of Croatia to such agreements shall be agreed by the conclusion of a protocol to such agreements between the Council, acting unanimously on behalf of the Member States, and the third country or countries or international organisation concerned. The Commission, or the High Representative of the Union for Foreign Affairs and Security Policy (the High Representative) where the agreement relates exclusively or principally to the common foreign and security policy, shall negotiate these protocols on behalf of the Member States on the basis of negotiating directives approved by the Council, acting unanimously, and in consultation with a committee comprised of the representatives of the Member States. The Commission, or the High Representative, as appropriate, shall submit a draft of the protocols for conclusion to the Council.

This procedure is without prejudice to the exercise of the Union's own competences and does not affect the allocation of powers between the Union and the Member States as regards the conclusion of such agreements in the future or any other amendments not related to accession.

3. As of the date of accession, and pending the entry into force of the necessary protocols referred to in the second subparagraph of paragraph 2, Croatia shall apply the provisions of the agreements referred to in the first subparagraph of paragraph 2 concluded or provisionally applied before the date of accession, with the exception of the Agreement between the European Community and its Member States, of the one part, and the Swiss Confederation, of the other, on the free movement of persons¹.

Pending the entry into force of the protocols referred to in the second subparagraph of paragraph 2, the Union and the Member States, acting jointly as appropriate in the framework of their respective competences, shall take any appropriate measure.

4. Croatia accedes to the Partnership Agreement between the members of the African, Caribbean and Pacific Group of States, of the one part, and the European Community and its Member States, of the other part, signed in Cotonou on 23 June 2000², as well as to the two agreements amending that Agreement, signed in Luxembourg on 25 June 2005³ and opened for signature in Ouagadougou on 22 June 2010⁴, respectively.

5. Croatia undertakes to accede, under the conditions laid down in this Act, to the Agreement on the European Economic Area⁵, in accordance with Article 128 of that Agreement.

⁵ OJ L 1, 3.1.1994, p. 3.

6. As of the date of accession, Croatia shall apply the bilateral textile agreements and arrangements concluded between the Union and third countries.

The quantitative restrictions applied by the Union on imports of textile and clothing products shall be adjusted to take account of the accession of Croatia to the Union. To that effect, amendments to the bilateral textile agreements and arrangements referred to in the first subparagraph may be negotiated by the Union with the third countries concerned prior to the date of accession.

Should the amendments to the bilateral textile agreements and arrangements not have entered into force by the date of accession, the Union shall make the necessary adjustments to its rules for the import of textile and clothing products from third countries to take into account the accession of Croatia.

7. The quantitative restrictions applied by the Union on imports of steel and steel products shall be adjusted on the basis of imports of Croatia over recent years of steel and steel products originating in the supplier countries concerned.

To that effect, the necessary amendments to the bilateral steel agreements and arrangements concluded between the Union and third countries shall be negotiated prior to the date of accession.

Should the amendments to the bilateral steel agreements and arrangements not have entered into force by the date of accession, the provisions of the first subparagraph shall apply.

8. As of the date of accession, fisheries agreements concluded between Croatia and third countries prior to that date shall be managed by the Union.

The rights and obligations for Croatia which result from those agreements shall not be affected during the period in which the provisions of those agreements are provisionally maintained.

As soon as possible, and in any event before the expiry of the agreements referred to in the first subparagraph, appropriate decisions for the continuation of fishing activities resulting from those agreements shall be adopted in each case by the Council, acting by qualified majority on a proposal from the Commission, including the possibility of extending certain agreements for periods not exceeding one year.

9. Croatia shall withdraw from any free trade agreements with third countries, including the Central European Free Trade Agreement as amended.

To the extent that agreements between Croatia on the one hand, and one or more third countries on the other, are not compatible with the obligations arising from this Act, Croatia shall take all appropriate steps to eliminate the incompatibilities established. If Croatia encounters difficulties in adjusting an agreement concluded with one or more third countries, it shall withdraw from that agreement.

Croatia shall take all the necessary measures to ensure compliance with the obligations of this paragraph as of the date of accession.

10. Croatia accedes, under the conditions laid down in this Act, to the internal agreements concluded by the present Member States for the purpose of implementing the agreements referred to in paragraphs 2 and 4.

11. Croatia shall take appropriate measures, where necessary, to adjust its position in relation to international organisations, and to those international agreements to which the Union or to which other Member States are also parties, to the rights and obligations arising from Croatia's accession to the Union.

Croatia shall in particular withdraw from international fisheries agreements and organisations to which the Union is also a party, unless its membership relates to matters other than fisheries.

Croatia shall take all necessary measures to ensure compliance with the obligations of this paragraph as of the date of accession.

ARTICLE 7

1. The provisions of this Act may not, unless otherwise provided herein, be suspended, amended or repealed other than by means of the procedure laid down in the original Treaties enabling those Treaties to be revised.
2. Acts adopted by the institutions to which the transitional provisions laid down in this Act relate shall retain their status in law; in particular, the procedures for amending those acts shall continue to apply.
3. Provisions of this Act the purpose or effect of which is to repeal or amend acts adopted by the institutions, unless such provisions are of a transitional nature, shall have the same status in law as the provisions which they repeal or amend and shall be subject to the same rules as those provisions.

ARTICLE 8

TITLE IV

OTHER PROVISIONS

ARTICLE 36

1. The Commission shall closely monitor all commitments undertaken by Croatia in the accession negotiations, including those which must be achieved before or by the date of accession. The Commission's monitoring shall consist of regularly updated monitoring tables, dialogue under the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and the Republic of Croatia, of the other part¹ (hereinafter referred to as the "SAA"), peer assessment missions, the pre-accession economic programme, fiscal notifications and, when necessary, early warning letters to the Croatian authorities. In the autumn of 2011, the Commission shall present a Progress Report to the European Parliament and the Council. In the autumn of 2012, it shall present a Comprehensive Monitoring Report to the European Parliament and the Council. Throughout the monitoring process, the Commission shall also draw on input from Member States and take into consideration input from international and civil society organisations as appropriate.

The Commission's monitoring shall focus in particular on commitments undertaken by Croatia in the area of the judiciary and fundamental rights (Annex VII), including the continued development of track records on judicial reform and efficiency, impartial handling of war crimes cases, and the fight against corruption.

¹ OJ L 26, 28.1.2005, p. 3.

In addition, the Commission's monitoring shall focus on the area of freedom, security and justice, including the implementation and enforcement of Union requirements with respect to external border management, police cooperation, the fight against organised crime, and judicial cooperation in civil and criminal matters, as well as on commitments in the area of competition policy, including the restructuring of the shipbuilding industry (Annex VIII) and of the steel sector (Annex IX).

As an integral part of its regular monitoring tables and reports, the Commission shall issue six-monthly assessments up to the accession of Croatia on the commitments undertaken by Croatia in these areas.

2. The Council, acting by qualified majority on a proposal from the Commission, may take all appropriate measures if issues of concern are identified during the monitoring process. The measures shall be maintained no longer than strictly necessary and, in any case, shall be lifted by the Council, acting in accordance with the same procedure, when the relevant issues of concern have been effectively addressed.

ARTICLE 37

1. If, until the end of a period of up to three years after accession, difficulties arise which are serious and liable to persist in any sector of the economy or which could bring about serious deterioration in the economic situation of a given area, Croatia may apply for authorisation to take protective measures in order to rectify the situation and adjust the sector concerned to the economy of the internal market.

In the same circumstances, any present Member State may apply for authorisation to take protective measures with regard to Croatia.

2. Upon request by the State concerned, the Commission shall, by emergency procedure, determine the protective measures which it considers necessary, specifying the conditions and arrangements applicable thereto.

In the event of serious economic difficulties and at the express request of the Member State concerned, the Commission shall act within five working days of the receipt of the request accompanied by the relevant background information. The measures thus decided on shall be applicable forthwith, shall take into account the interest of all parties concerned and shall not entail border controls.

3. The measures authorised under this Article may involve derogations from the rules of the TEU, the TFEU and this Act to such an extent and for such periods as are strictly necessary in order to attain the objectives of this safeguard. Priority shall be given to measures which least disturb the functioning of the internal market.

ARTICLE 38

If Croatia fails to fulfil commitments undertaken in the context of the accession negotiations, including commitments in any sectoral policy which concerns economic activities with a cross-border effect, thereby causing a serious breach of the functioning of the internal market or a threat to the Union's financial interests or an imminent risk of such a breach or threat, the Commission may, until the end of a period of up to three years after accession, upon reasoned request of a Member State or on its own initiative, take appropriate measures.

These measures shall be proportionate and priority shall be given to measures which least disturb the functioning of the internal market and, where appropriate, to the application of the existing sectoral safeguard mechanisms. The safeguard measures under this Article shall not be invoked as a means of arbitrary discrimination or a disguised restriction on trade between Member States. The safeguard clause may be invoked even before accession on the basis of the monitoring findings and the measures adopted shall enter into force on the date of accession unless they provide for a later date. The measures shall be maintained no longer than strictly necessary and, in any case, shall be lifted when the relevant commitment has been fulfilled. They may, however, be applied beyond the period referred to in the first paragraph as long as the relevant commitments have not been fulfilled. In response to progress made by Croatia in fulfilling its commitments, the Commission may adapt the measures as appropriate. The Commission shall inform the Council in good time before revoking the safeguard measures, and it shall take duly into account any observations of the Council in this respect.

ARTICLE 39

If there are serious shortcomings or any imminent risk of such shortcomings in Croatia in the transposition or state of implementation of acts adopted by the institutions pursuant to Part Three, Title V of the TFEU as well as of acts adopted by the institutions before the entry into force of the Treaty of Lisbon pursuant to Title VI of the TEU or pursuant to Part Three, Title IV of the Treaty establishing the European Community, the Commission may, until the end of a period of up to three years after accession, upon the reasoned request of a Member State or on its own initiative and after consulting the Member States, adopt appropriate measures and specify the conditions and arrangements applicable thereto.

These measures may take the form of a temporary suspension of the application of relevant provisions and decisions in the relations between Croatia and any other Member State or Member States, without prejudice to the continuation of close judicial cooperation. The safeguard clause may be invoked even before accession on the basis of the monitoring findings and the measures adopted shall enter into force on the date of accession unless they provide for a later date. The measures shall be maintained no longer than strictly necessary and, in any case, shall be lifted when the shortcomings are remedied. They may, however, be applied beyond the period referred to in the first paragraph as long as these shortcomings persist. In response to progress made by Croatia in rectifying the identified shortcomings, the Commission may adapt the measures as appropriate after consulting the Member States. The Commission shall inform the Council in good time before revoking the safeguard measures, and it shall take duly into account any observations of the Council in this respect.

ARTICLE 40

In order not to hamper the proper functioning of the internal market, the enforcement of Croatia's national rules during the transitional periods referred to in Annex V shall not lead to border controls between Member States.

ARTICLE 41

If transitional measures are necessary to facilitate the transition from the existing regime in Croatia to that resulting from the application of the common agricultural policy under the conditions set out in this Act, they shall be adopted by the Commission in accordance with the procedure referred to in Article 195(2) of Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation)¹ in conjunction with Article 13(1)(b) of European Parliament and Council Regulation (EU) No 182/2011² or the relevant procedure as determined in the applicable legislation. They may be adopted within a period of three years from the date of accession and their application shall be limited to that period. The Council, acting unanimously on a proposal from the Commission and after consulting the European Parliament, may extend this period.

¹ OJ L 299, 16.11.2007, p. 1.

² OJ L 55, 28.2.2011, p. 13.

Transitional measures referred to in the first paragraph may also be adopted prior to the date of accession, if necessary. Such measures shall be adopted by the Council acting by qualified majority on a proposal from the Commission or, where they affect instruments initially adopted by the Commission, they shall be adopted by the Commission in accordance with the procedures required for adopting the instruments in question.

ARTICLE 42

If transitional measures are necessary to facilitate the transition from the existing regime in Croatia to that resulting from the application of the Union veterinary, phytosanitary and food safety rules, such measures shall be adopted by the Commission in accordance with the relevant procedure as determined in the applicable legislation. These measures shall be adopted within a period of three years from the date of accession and their application shall be limited to that period.

ARTICLE 43

The Council, acting by qualified majority on a proposal from the Commission, shall define the terms under which:

- (a) the requirement for an exit summary declaration may be waived for the products referred to in Article 28(2) of the TFEU leaving the territory of Croatia to cross the territory of Bosnia and Herzegovina at Neum ("Neum corridor");

- (b) the requirement for an entry summary declaration may be waived for the products falling within the scope of point (a) when they re-enter the territory of Croatia after having crossed the territory of Bosnia and Herzegovina at Neum.

ARTICLE 44

The Commission may take all appropriate measures to ensure that the necessary statutory staff is maintained in Croatia for a maximum of 18 months following accession. During this period, officials, temporary staff and contract staff assigned to posts in Croatia before accession and who are required to remain in service in Croatia after the date of accession shall benefit from the same financial and material conditions as were applied before accession in accordance with the Staff Regulations of officials of the European Communities and the Conditions of Employment of other servants of the European Communities laid down in Council Regulation (EEC, Euratom, ECSC) No 259/68¹. The administrative expenditure, including salaries for other necessary staff, shall be covered by the general budget of the European Union.

Requests for subsequent verification of such proof shall be accepted by the competent customs authorities of the present Member States and of Croatia for a period of three years from the issue or making out of the proof of origin concerned and may be made by those authorities for a period of three years after acceptance of the proof of origin in support of a declaration of free circulation.

PROOF OF PREFERENTIAL ORIGIN (TRADE WITH THIRD COUNTRIES, INCLUDING TURKEY, IN THE FRAMEWORK OF THE PREFERENTIAL AGREEMENTS ON AGRICULTURE, COAL AND STEEL PRODUCTS)

4. Without prejudice to the application of any measure deriving from the common commercial policy, proof of origin properly issued by third countries or made out in the framework of preferential agreements concluded by Croatia with those third countries shall be accepted in Croatia, provided that:
 - (a) the acquisition of such origin confers preferential tariff treatment on the basis of the preferential tariff measures contained in agreements or arrangements which the Union has concluded with, or adopted in respect of, those third countries or groups of third countries, as referred to in Article 20(3)(d) and (e) of Council Regulation (EEC) No 2913/92;

5. Croatia is authorised to retain the authorisations with which the status of "approved exporters" has been granted in the framework of agreements concluded with third countries, provided that:
 - (a) such a provision is also provided for in the agreements or arrangements which the Union has concluded with, or adopted in respect of, those third countries or groups of third countries prior to the date of accession; and
 - (b) the approved exporters apply the rules of origin provided for in those agreements or arrangements.

These authorisations shall be replaced by Croatia, no later than one year from the date of accession, by new authorisations issued under the conditions of Union legislation.

6. For the purpose of verifying the proof referred to in paragraph 4, the provisions concerning the definition of "originating products" and the methods of administrative cooperation of the relevant agreements or arrangements shall apply. Requests for subsequent verification of such proof shall be accepted by the competent customs authorities of the present Member States and of Croatia for a period of three years after the issue or making out of the proof of origin concerned and may be made by those authorities for a period of three years after acceptance of the proof of origin in support of a declaration of free circulation.

7. Without prejudice to the application of any measure deriving from the common commercial policy, proof of origin issued or made out retrospectively by third countries in the framework of preferential agreements or arrangements which the Union has concluded with, or adopted in respect of, these third countries shall be accepted in Croatia for the release for free circulation of goods which on the date of accession are either in transport or in temporary storage, in a customs warehouse or in a free zone in one of these third countries or in Croatia, provided that Croatia had no free trade agreement in force with the third country, for the products concerned, at the moment when the transport documents were issued, and provided that:
 - (a) the acquisition of such origin confers preferential tariff treatment on the basis of the preferential tariff measures contained in agreements or arrangements which the Union has concluded with, or adopted in respect of, third countries or groups of third countries, as referred to in Article 20(3)(d) and (e) of Council Regulation (EEC) No 2913/92;

- (b) the transport documents were issued no later than the day before the date of accession;
and
 - (c) the proof of origin issued or made out retrospectively is submitted to the customs authorities within a period of four months from the date of accession.
8. For the purpose of verifying the proofs referred to in paragraph 7, the provisions concerning the definition of "originating products" and the methods of administrative cooperation of the relevant agreements or arrangements shall apply.

- (c) the transport documents were issued no later than the day before the date of accession;
and
- (d) the A.TR movement certificate is submitted to the customs authorities within four months from the date of accession.

12. For the purpose of verifying the A.TR movement certificates referred to in paragraph 11, the provisions concerning the issue of A.TR movement certificates and the methods of administrative cooperation under Decision No 1/2006 of the EC-Turkey Customs Cooperation Committee of 26 July 2006 laying down detailed rules for the application of Decision No 1/95 of the EC-Turkey Association Council¹ shall apply.

By way of derogation from the requirements of quality, safety and efficacy laid down in Directive 2001/83/EC, marketing authorisations for medicinal products, which are not subject to Article 3(1) of Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation and supervision of medicinal products for human and veterinary use and establishing a European Medicines Agency¹ and which are on the list (in the Appendix to this Annex as provided by Croatia) issued under Croatian law prior to the date of accession shall remain valid until they are renewed in compliance with the Union *acquis* or until four years from the date of accession, whichever is earlier.

The marketing authorisations covered by this derogation shall not benefit from mutual recognition in the Member States as long as these products have not been authorised according to Directive 2001/83/EC.

¹ OJ L 136, 30.4.2004, p. 1.

The national marketing authorisations granted under national law before accession and not covered by this derogation and every new marketing authorisation shall, as of the date of accession, be in compliance with Directive 2001/83/EC.

2. FREE MOVEMENT OF PERSONS

Treaty on the Functioning of the European Union

31996 L 0071: Directive 96/71/EC of the European Parliament and of the Council of 16 December 1996 concerning the posting of workers in the framework of the provision of services (OJ L 18, 21.1.1997, p. 1).

32004 L 0038: Directive 2004/38/EC of the European Parliament and of the Council of 29 April 2004 on the right of citizens of the Union and their family members to move and reside freely within the territory of the Member States amending Regulation (EEC) No 1612/68 and repealing Directives 64/221/EEC, 68/360/EEC, 72/194/EEC, 73/148/EEC, 75/34/EEC, 75/35/EEC, 90/364/EEC, 90/365/EEC and 93/96/EEC (OJ L 158, 30.4.2004, p. 77).

32011 R 0492: Regulation (EU) No 492/2011 of the European Parliament and of the Council of 5 April 2011 on freedom of movement for workers within the Union (OJ L 141, 27.5.2011, p. 1).

1. Article 45 and the first paragraph of Article 56 of the TFEU shall fully apply only, in relation to the freedom of movement of workers and the freedom to provide services involving temporary movement of workers as defined in Article 1 of Directive 96/71/EC, between Croatia on the one hand and each of the present Member States on the other hand, subject to the transitional provisions laid down in paragraphs 2 to 13.

2. By way of derogation from Articles 1 to 6 of Regulation (EU) No 492/2011 and until the end of the two year period following the date of accession, the present Member States will apply national measures, or those resulting from bilateral agreements, regulating access to their labour markets by Croatian nationals. The present Member States may continue to apply such measures until the end of the five year period following the date of accession.

Croatian nationals legally working in a present Member State at the date of accession and admitted to the labour market of that Member State for an uninterrupted period of 12 months or longer will enjoy access to the labour market of that Member State but not to the labour market of other Member States applying national measures.

Croatian nationals admitted to the labour market of a present Member State following accession for an uninterrupted period of 12 months or longer shall also enjoy the same rights.

The Croatian nationals referred to in the second and third subparagraphs shall cease to enjoy the rights referred to in those subparagraphs if they voluntarily leave the labour market of the present Member State in question.

Croatian nationals legally working in a present Member State at the date of accession, or during a period when national measures are applied, and who were admitted to the labour market of that Member State for a period of less than 12 months shall not enjoy the rights referred to in the second and third subparagraphs.

3. Before the end of the two year period following the date of accession, the Council shall review the functioning of the transitional provisions laid down in paragraph 2, on the basis of a report from the Commission.

On completion of this review, and no later than at the end of the two year period following the date of accession, the present Member States shall notify the Commission whether they will continue to apply national measures or measures resulting from bilateral agreements, or whether they will apply Articles 1 to 6 of Regulation (EU) No 492/2011 thereafter. In the absence of such notification, Articles 1 to 6 of Regulation (EU) No 492/2011 shall apply.

4. Upon Croatia's request, one further review may be held. The procedure referred to in paragraph 3 shall apply and shall be completed within six months of receipt of Croatia's request.

5. A Member State maintaining national measures or measures resulting from bilateral agreements at the end of the five year period referred to in paragraph 2 may, in case of serious disturbances of its labour market or threat thereof and after notifying the Commission, continue to apply these measures until the end of the seven year period following the date of accession. In the absence of such notification, Articles 1 to 6 of Regulation (EU) No 492/2011 shall apply.
6. During the seven year period following the date of accession, those Member States in which, by virtue of paragraphs 3, 4 or 5, Articles 1 to 6 of Regulation (EU) No 492/2011 apply as regards Croatian nationals, and which issue work permits to nationals of Croatia for monitoring purposes during this period, will do so automatically.
7. Those Member States in which, by virtue of paragraphs 3, 4 or 5, Articles 1 to 6 of Regulation (EU) No 492/2011 apply as regards Croatian nationals, may resort to the procedures set out in the second and third subparagraphs of this paragraph until the end of the seven year period following the date of accession.

When a Member State referred to in the first subparagraph undergoes or foresees disturbances on its labour market which could seriously threaten the standard of living or level of employment in a given region or occupation, that Member State shall inform the Commission and the other Member States thereof and shall supply them with all relevant particulars. On the basis of this information, the Member State may request the Commission to state that the application of Articles 1 to 6 of Regulation (EU) No 492/2011 is wholly or partially suspended in order to restore to normal the situation in that region or occupation. The Commission shall decide on the suspension and on the duration and scope thereof no later than two weeks after receiving such a request and shall notify the Council of its decision. Any Member State may, within two weeks of the Commission's decision, request the Council to annul or amend that decision. The Council shall act on such a request within two weeks, by qualified majority.

A Member State referred to in the first subparagraph may, in urgent and exceptional cases, suspend the application of Articles 1 to 6 of Regulation (EU) No 492/2011, followed by a reasoned *ex post* notification to the Commission.

8. As long as the application of Articles 1 to 6 of Regulation (EU) No 492/2011 is suspended by virtue of paragraphs 2 to 5 and 7 above, Article 23 of Directive 2004/38/EC shall apply in Croatia with regard to nationals of the present Member States, and in the present Member States with regard to Croatian nationals, under the following conditions, so far as the right of family members of workers to take up employment is concerned:
- the spouse of a worker and their descendants who are under 21 years of age or are dependants, legally residing with the worker in the territory of a Member State at the date of accession, shall have, upon accession, immediate access to the labour market of that Member State. This does not apply to family members of a worker legally admitted to the labour market of that Member State for a period of less than 12 months;
 - the spouse of a worker and their descendants who are under 21 years of age or are dependants, legally residing with the worker in the territory of a Member State from a date later than the date of accession, but during the period of application of the transitional provisions laid down above, shall have access to the labour market of the Member State concerned once they have been resident in the Member State concerned for at least 18 months or from the third year following the date of accession, whichever is earlier.

These provisions shall be without prejudice to more favourable measures, whether national measures or measures resulting from bilateral agreements.

9. Insofar as the provisions of Directive 2004/38/EC which take over the provisions of Council Directive 68/360/EEC of 15 October 1968 on the abolition of restrictions on movement and residence within the Community for workers of Member States and their families¹ may not be dissociated from those of Regulation (EU) No 492/2011 whose application is deferred pursuant to paragraphs 2 to 5 and 7 and 8, Croatia and the present Member States may derogate from those provisions to the extent necessary for the application of paragraphs 2 to 5 and 7 and 8.
10. Whenever national measures, or those resulting from bilateral agreements, are applied by the present Member States by virtue of the transitional provisions laid down above, Croatia may maintain in force equivalent measures with regard to the nationals of the Member State or Member States in question.
11. Any present Member State applying national measures in accordance with paragraphs 2 to 5 and 7 to 9, may introduce, under national law, greater freedom of movement than that existing at the date of accession, including full labour market access. From the third year following the date of accession, any present Member State applying national measures may at any time decide to apply Articles 1 to 6 of Regulation (EU) No 492/2011 instead. The Commission shall be informed of any such decision.

¹ OJ L 257, 19.10.1968, p. 13. Directive as last amended by the 2003 Act of Accession (OJ L 236, 23.9.2003, p. 33) and repealed with effect from 30 April 2006 by European Parliament and Council Directive 2004/38/EC (OJ L 158, 30.4.2004, p. 77).

12. In order to address serious disturbances or the threat thereof in specific sensitive service sectors in the labour markets of Germany and Austria, which could arise in certain regions from the transnational provision of services, as defined in Article 1 of Directive 96/71/EC, and as long as they apply by virtue of the transitional provisions laid down above, national measures or those resulting from bilateral agreements on the free movement of Croatian workers, Germany and Austria may, after notifying the Commission, derogate from the first paragraph of Article 56 of the TFEU with a view to limiting in the context of the provision of services by companies established in Croatia, the temporary movement of workers whose right to take up work in Germany and Austria is subject to national measures.

The list of service sectors which may be covered by this derogation is as follows:

To the extent that Germany or Austria derogate from the first paragraph of Article 56 of the TFEU in accordance with the first and second subparagraphs of this paragraph, Croatia may, after notifying the Commission, take equivalent measures.

The effect of the application of the present paragraph shall not result in conditions for the temporary movement of workers in the context of the transnational provision of services between Germany or Austria and Croatia which are more restrictive than those prevailing on the date of signature of the Treaty of Accession.

13. The effect of the application of paragraphs 2 to 5 and 7 to 11 shall not result in conditions for access of Croatian nationals to the labour markets of the present Member States which are more restrictive than those prevailing on the date of signature of the Treaty of Accession.

Notwithstanding the application of the provisions laid down in paragraphs 1 to 12, the present Member States shall, during any period when national measures or those resulting from bilateral agreements are applied, give preference to workers who are nationals of the Member States over workers who are nationals of third countries as regards access to their labour market.

Croatian migrant workers and their families legally resident and working in another Member State or migrant workers from other Member States and their families legally resident and working in Croatia shall not be treated in a more restrictive way than those from third countries resident and working in that Member State or Croatia respectively. Furthermore, in application of the principle of Union preference, migrant workers from third countries resident and working in Croatia shall not be treated more favourably than nationals of Croatia.

3. FREE MOVEMENT OF CAPITAL

Treaty on European Union and the Treaty on the Functioning of the European Union.

Notwithstanding the obligations under the Treaties on which the European Union is founded, Croatia may maintain in force for seven years from the date of accession the restrictions laid down in its Agricultural Land Act (OG 152/08), as in force on the date of signature of the Treaty of Accession, on the acquisition of agricultural land by nationals of another Member State, by nationals of the States which are a party to the European Economic Area Agreement (EEAA) and by legal persons formed in accordance with the laws of another Member State or an EEAA State. However, a national of a Member State or a legal person formed in accordance with the laws of another Member State, may in no instance be treated less favourably in respect of the acquisition of agricultural land than such a national or person would have been treated at the date of signature of the Treaty of Accession or be treated in a more restrictive way than a national or a legal person of a third country.

Self-employed farmers, who are nationals of another Member State and who wish to establish themselves and reside in Croatia, shall not be subject to the provisions of the first paragraph or to any rules and procedures other than those to which nationals of Croatia are subject.

A general review of this transitional measure shall be held by the end of the third year following the date of accession. To this effect, the Commission shall submit a report to the Council. The Council may, acting unanimously on a proposal from the Commission, decide to shorten or terminate the transitional period indicated in the first paragraph.

If there is sufficient evidence that, upon expiry of the transitional period, there will be serious disturbances or a threat of serious disturbances on Croatia's agricultural land market, the Commission, at Croatia's request, shall decide upon the extension of the transitional period for three years. This extension may be limited to selected geographical areas particularly affected.

Commitments undertaken by the Republic of Croatia
on the restructuring of the Croatian shipbuilding industry
(referred to in Article 36(1),
third subparagraph, of the Act of Accession)

The shipbuilding companies to be restructured (hereinafter referred to as "the companies") are the following:

- Brodograđevna industrija 3. MAJ dioničko društvo, Rijeka (hereinafter referred to as "3. MAJ")
- BRODOTROGIR d.d., Trogir (hereinafter referred to as "Brodotrogir")
- BRODOGRAĐEVNA INDUSTRIJA SPLIT, dioničko društvo, Split (hereinafter referred to as "Brodosplit")
- BRODOSPLIT-BRODOGRADILIŠTE SPECIJALNIH OBJEKATA društvo s ograničenom odgovornošću, Split (hereinafter referred to as "BSO")
- BRODOGRADILIŠTE KRALJEVICA dioničko društvo za izgradnju i popravak brodova, Kraljevica (hereinafter referred to as "Kraljevica").

Croatia agreed to carry out the restructuring of these companies through their privatisation on the basis of a competitive tendering process. Restructuring plans for these companies have been submitted by the bidders and accepted by the Croatian Competition Agency and the Commission. The restructuring plans will be incorporated in the respective privatisation contracts to be concluded between Croatia and the buyers of the companies.

The restructuring plans submitted for each of these companies specify the following key conditions to be respected in the restructuring process:

- All State aid received by these companies since 1 March 2006 must be counted as restructuring aid. The companies shall provide a contribution to the restructuring plan from their own resources which must be real, free of State aid and which represents at least 40 % of the total restructuring costs.

- The overall production capacity of the companies shall be reduced compared to the levels of 1 June 2011 from 471 324 CGT to 372 346 CGT. The companies shall reduce their production capacity no later than twelve months after the signing of the privatisation contract. Capacity reduction shall be implemented through the permanent closure of slipways, through the designation of slipways for exclusive military production within the meaning of Article 346 of the TFEU and/or through surface area reduction. The CGTs are the units of measurement of output calculated according to the applicable OECD rules.

- The total annual production of the companies shall be limited to 323 600 CGT for a ten year period, starting on 1 January 2011. The companies' output will be limited to the following levels¹:
 - 3. MAJ: 109 570 CGT
 - Brodotrogir: 54 955 CGT
 - Brodosplit and BSO: 132 078 CGT
 - Kraljevica: 26 997 CGT

The companies may agree to review their individual production limits. On the basis of binding agreements, they can expressly establish which portion of their individual production quota (expressed in CGTs) they cede to each other. The overall yearly production limit of 323 600 CGT shall be respected.

- The restructuring plans also specify a number of other measures which each company will implement to ensure a return to long term viability.

¹ The annual production of a given company is calculated as follows: The start of production of a ship is the planned date of steel cutting and the end of production is the date of expected delivery of the ship as set out in the contract with the buyer (or the anticipated date of delivery of the incomplete ship when the construction of a ship is shared between two companies). The number of CGTs corresponding to a ship is linearly allocated to the calendar years covering the production period. The total output of a company in a given year is calculated by adding the number of CGTs produced over that year.

Any subsequent change to these plans shall comply with the key conditions in the restructuring process listed above and shall be submitted to the Commission for acceptance.

The companies shall not receive any new rescue or restructuring aid until at least ten years have elapsed since the date of signature of the privatisation contract. Upon Croatia's accession, the Commission shall order Croatia to recover any rescue or restructuring aid granted in breach of this provision, with compound interest.

The restructuring plans that have been accepted by the Croatian Competition Agency and by the Commission will be incorporated in the respective privatisation contracts to be concluded between Croatia and buyers of the companies. The privatisation contracts shall be submitted to the Commission for acceptance and shall be signed before Croatia's accession.

The Commission shall closely monitor the implementation of the restructuring plans and compliance with the conditions set out in this Annex regarding the level of State aid, the own contribution, the capacity reductions, the production limitation and the measures taken to ensure a return to viability.

This monitoring shall be carried out each year of the restructuring period. Croatia shall comply fully with all the arrangements for monitoring. In particular:

- Croatia shall supply the Commission with six-monthly reports concerning the restructuring of the benefiting companies, no later than 15 January and 15 July each year until the end of the restructuring period.
- The reports shall contain all the information necessary to monitor the restructuring process, the own contribution, the reduction of capacity, the production limitation and the measures taken to ensure a return to viability.
- Croatia shall submit reports on the annual output of the companies under restructuring no later than 15 July each year, until the end of 2020.
- Croatia shall oblige the companies to disclose all relevant data which might, under other circumstances, be considered as confidential. The Commission shall ensure that the company-specific confidential information is not disclosed.

The Commission may at any time decide to mandate an independent expert to evaluate the monitoring results, undertake any research necessary and report to the Commission. Croatia will provide full cooperation to the independent expert appointed by the Commission and ensure that such expert has full access to all information needed to carry out the tasks entrusted to him by the Commission.

Upon Croatia's accession, the Commission shall order Croatia to recover all rescue or restructuring aid granted since 1 March 2006 to a particular company, with compound interest if:

- the privatisation contract for this company has not yet been signed or does not fully incorporate the conditions set out in the restructuring plan accepted by the Croatian Competition Agency and by the Commission, or
- the company has not provided a real, State aid free contribution from its own resources which represents at least 40 % of the restructuring costs, or
- the reduction of the overall production capacity has not been implemented within twelve months from the signing of the privatisation contract. In that case, the recovery of the aid shall only be required from those companies that have not achieved the following individual reductions of capacity:
 - 3. MAJ: by 46 543 CGT
 - Brodotrogir: by 15 101 CGT
 - Brodosplit and BSO: by 29 611 CGT
 - Kraljevica: by 9 636 CGT, or
- the overall production limitation for the companies (i.e. 323 600 CGT) has been exceeded in any individual calendar year between 2011 and 2020. In that case, the recovery of the aid shall be required from those companies that have exceeded their individual production limits (if applicable, as amended by a legally binding agreement with another shipbuilding company).

Commitments undertaken by the Republic of Croatia
on the restructuring of the steel sector
(referred to in Article 36(1),
third subparagraph, of the Act of Accession)

By letter dated 23 May 2011, Croatia informed the Commission that it received recognition of debt from the steel producer CMC Sisak d.o.o., corresponding to the restructuring aid, received by that company over the period from 1 March 2002 until 28 February 2007, plus compound interest¹. The State aid received, without compound interest, amounts to HRK 19 117 572,36.

Upon Croatia's accession, in the event that the total amount of this aid plus compound interest has not been reimbursed by CMC Sisak d.o.o., the Commission shall order Croatia to recover any rescue and restructuring aid granted to that company since 1 March 2006, with compound interest.

¹ To be calculated according to Articles 9 to 11 of Commission Regulation (EC) No 794/2004 of 21 April 2004 implementing Council Regulation (EC) No 659/1999 laying down detailed rules for the application of Article 93 of the EC Treaty (OJ L 140, 30.4.2004, p. 1), as last amended by Commission Regulation (EC) No 1125/2009 (OJ L 308, 24.11.2009, p. 5).

PROTOCOL
ON CERTAIN ARRANGEMENTS
CONCERNING A POSSIBLE ONE-OFF TRANSFER
OF ASSIGNED AMOUNT UNITS ISSUED UNDER THE KYOTO PROTOCOL
TO THE UNITED NATIONS FRAMEWORK CONVENTION
ON CLIMATE CHANGE TO THE REPUBLIC OF CROATIA,
AS WELL AS THE RELATED COMPENSATION

THE HIGH CONTRACTING PARTIES,

NOTING that in view of the specific historical circumstances that have affected Croatia, it has been agreed to express a readiness to provide assistance to Croatia through a one-off transfer of Assigned Amount Units issued under the Kyoto Protocol to the United Nations Framework Convention on Climate Change (the "Kyoto Protocol"),

NOTING that any such transfer would only be made on a single occasion, would not set a precedent and would reflect the unique and exceptional nature of Croatia's situation,

STRESSING that any such transfer would have to be compensated for by Croatia through an adjustment of its obligations under Decision No 406/2009/EC of the European Parliament and of the Council of 23 April 2009 on the effort of Member States to reduce their greenhouse gas emissions to meet the Community's greenhouse gas emission reduction commitments up to 2020¹ so as to ensure environmental integrity by avoiding an increase in the total amount of allowed emissions of the Union and Croatia until 2020,

HAVE AGREED ON THE FOLLOWING PROVISIONS:

¹ OJ L 140, 5.6.2009, p. 136.

PART I

TRANSFER

ARTICLE 1

This Part shall apply to measures relating to a possible one-off transfer of a quantity of Assigned Amount Units issued under the Kyoto Protocol (AAUs) to Croatia.

ARTICLE 2

No transfer shall take place unless Croatia has withdrawn its appeal against the decision of the enforcement branch of the Compliance Committee of the Kyoto Protocol in accordance with any relevant rules and time-limits governing the withdrawal of appeals, before the start of the UNFCCC Conference in Durban (28 November - 9 December 2011).

Any transfer shall be conditional upon the determination by the UNFCCC Expert Review Team, after the true-up period, that Croatia has fallen short of its commitments under Article 3 of the Kyoto Protocol.

No transfer shall take place unless Croatia has made all reasonable efforts to comply with its commitments under Article 3 of the Kyoto Protocol, including the full use of removal units from land use, land-use change and forestry.

ARTICLE 3

Any decision on the transfer of AAUs shall be adopted in accordance with the examination procedure referred to in Article 5 of Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers¹. The Commission shall be assisted by the Climate Change Committee established by Article 9 of Decision No 280/2004/EC of the European Parliament and of the Council of 11 February 2004 concerning a mechanism for monitoring Community greenhouse gas emissions and for implementing the Kyoto Protocol². That Committee shall be a committee within the meaning of European Parliament and Council Regulation (EU) No 182/2011. No such decision shall be adopted where no opinion is delivered.

The AAUs to be transferred shall be drawn from the quantity of AAUs referred to in Article 2 of Commission Decision 2006/944/EC of 14 December 2006 determining the respective emission levels allocated to the Community and each of its Member States under the Kyoto Protocol pursuant to Council Decision 2002/358/EC³.

Any transfer shall not exceed a total quantity of 7 000 000 AAUs.

PART II

COMPENSATION

ARTICLE 4

This Part shall apply to the compensation to be provided by Croatia in the event of a transfer of AAUs in accordance with the provisions of Part I.

ARTICLE 5

1. Croatia shall compensate for any AAUs transferred to it through an adjustment, pursuant to this Article, of its obligations under European Parliament and Council Decision No 406/2009/EC.

In particular, the equivalent amount in tonnes of carbon dioxide equivalent of any AAUs transferred shall, pursuant to this Article, be subtracted from Croatia's annual emission allocations once they have been determined pursuant to Article 3(2) of European Parliament and Council Decision No 406/2009/EC.

2. The Commission shall publish the figures for Croatia's annual emission allocations resulting from the subtraction made in accordance with paragraph 1.
